**SUPPLEMENTAL SUBMISSION REGARDING APPLICANT'S PETITION FOR
SUSPENSION OF PROSECUTION UNDER 37 C.F.R. § 1.103**

Applicant requested suspension of prosecution of this application in a Petition filed January 12, 2004. Additional facts now exist that further favor granting Applicant's requested suspension in this case.

Applicant requested the Federal Circuit to order an advanced, joint hearing of the In re Elsner and In Re Zary appeals, as evidenced by the documents forwarded to Mr. John Doll (Director of Technology Center 1600) on or about February 13, 2004, regarding In re Zary (Appeal No. 03-1585, Application Serial No. 09/267,559). And the Federal Circuit has now ordered such advanced, joint oral arguments to be held April 9, 2004, as shown in the enclosed Order.

In addition, Applicant agrees that it will be bound in this case by the decision of the United States Court of Appeals for the Federal Circuit in In re Zary (Appeal No. 03-1585) with respect to the issue of whether an admittedly non-enabling printed publication enables a claim to a plant if there has been a foreign sale of the plant (subject to any rehearing by the Federal Circuit or decision by the Supreme Court). Applicant retains the right to appeal a rejection based on any other ground. Applicant understands that in view of this agreement, Applicant's

previously requested suspension will be granted and that examination of this case will be suspended for 6 months.
